Competitive edge

Feature	 AIQ X  aeropay	 Most Competitors
Seamless flow	Built right into AIQ’s checkout with QR, text links, and embedded UI	Often requires redirects or third-party pages
No extras required	No apps, hardware, or extra accounts needed. Ready out of the box	May need downloads or hardware
Secure & compliant	Bank-level encryption, MFA, verified accounts, flexible capture	Can leave security gaps or require complex workarounds
Friction-free returns/editing	Option to delay capture until order is closed to simplify adjustments	Often difficult to amend without refunding
Powered loyalty impact	Customers spend 25% more and return at 75% rate when paying with Aeropay	Payment option doesn’t drive loyalty
